VOLUME 5, NUMBER 2

SEA GULLS MEET NINE FOOTBALL '73 OPPONENTS

Completing a highly successful first year of intercollegiate football, Salisbury State College recently announced a nine game schedule for 1973.

The Sea Gulls will move from a first-year, predominantly Junior Varsity schedule which produced 4 victories and 2 losses for Salisbury, to a 1973 card featuring all Varsity games, except one. Scheduled are: September 15, away, Glassboro (N.J.) State; September 22, at home, Frostburg, September 29, away, Bowie; October 6, home, Gallaudet; October 13, away, Madison; October 20, home, West Point Prep; October 27, away, Georgetown; November 3, home, American University, and November 10, home, Towson.

The Salisbury State College Sea Gulls will play the Glassboro State College Profs at Glassboro's John Page Stadium in the first night, intercollegiate game ever played at the New Jersey location. It will be held Saturday night, September 15 at 7:30 P.M.

Only Army Prep is not a Varsity opponent. However, Coach Dick Yobst and the Gulls are most anxious to meet the service team in a return match since it was one of the two losses sustained this season.

Salisbury defeated Towson State 31-0; Gallaudet 21-14; Madison 55-0; and Johns Hopkins 61-14. Losses were to Army Prep, 7-0 and Princeton Freshmen 15-14.

Athletic Director Deane Deshon said that Salisbury State is going to a nearly complete Varsity schedule as a result of the successful season this year. "We had anticipated staying with Junior Varsity for two years when we originally planned a football program," Deshon said. "However," he added, "because the entire program developed successfully in such a hurry, we made the decision to play a Varsity card."

FITZGERALD NAMED ALUMNI PRESIDENT

Bob Fitzgerald, Class of '61, has been elected President of the Salisbury State College Alumni Association. He succeeds Mrs. Sylvia Bradley, Assistant Professor of History at the College, Class of '61.

The Alumni Association slate for 1973 is as follows:

President Bob Fitzgerald
Vice President Charles Collier
Vice President Sylvia Bradley
Treasurer Jim Plutschak
Corresponding Secretary . . Sandy Webb
Recording Secretary Pat Evans

Bob Fitzgerald received his Bachelor of Science Degree in Education in 1961 from the College, and was awarded a Master of Education Degree, also from Salisbury State, in 1970. He is at present, Vocational

HOMECOMING DATE IS SET FOR NOV. 3

Homecoming 1973, will be held at the College on November 3, it was announced early this month by Bob Fitzgerald, President of the Alumni Association.

Features of the program will be a Friday soccer game at 3 P.M. with Lincoln University and a Saturday afternoon football game with American University at 1:30 P.M.

Final plans for Homecoming have not been set yet, but will be announced in the near future.

In previous years, a business meeting, Luncheon, Dinner and a Dance were included on the program.

Now is the time to circle your 1973 calendar for November 3 and plan to attend the biggest and best Homecoming in our history.

Classes celebrating anniversaries include: 1963, 1958, 1953, 1948, 1943, 1938, 1933 and 1928.

COLLEGE ANNOUNCES MORE NEW ACADEMIC PROGRAM IN JANUARY

Four innovative changes in Salisbury State College's academic program for the second semester, make the College responsive to the changing educational needs of the Eastern Shore community.

Dr. Norman C. Crawford, Jr., President, today announced that the College is offering the following:

- Six television courses through which area residents may "attend lectures" in their own homes for either credit toward a degree or for "entertainment".

- College Level Examination Program (CLEP), a procedure enabling persons to earn credit through examination for knowledge gained outside of the classroom. Veterans or older persons who have gained outside experience in specialized college study can work toward degrees under this program.

- More lenient Transfer Policy enabling students transferring to Salisbury State College to receive new recognition for courses taken at another institution.

- Under a new policy of the Board of Trustees of the Maryland State Colleges, "Senior Citizens" can take courses free of tuition and fee charges.

Information is available from the

following: CLEP-Dr. Robert McBrien, Director of Counseling Services, Transfer Policy-Sallie Moniot, Academic Counselor and Television and Senior Citizen Policy, Joseph Bachman, Director of Summer Session and Extension.

The six television courses, all on Channel 28, include History, Philosophy, Psychology, Education (2 courses) and Physical Science (Astrology and Astronomy). They begin late in January and offer credit toward degrees.

All six courses make it possible for a person to view lectures at home, purchase books from the College Bookstore and attend only a few on-campus sessions for testing.

The CLEP Program has several advantages. For a serviceman, it offers opportunity to receive credit for military training that is normally not recognized by colleges and universities.

Incoming college freshmen who have been out of high school two years or more, can use CLEP to examine Out-of-Basic courses and seek advanced placement. Transfer students can use the CLEP General Examination to supplement information available on a transcript as

CAMPAIGN STARTS BY ALUMNI ASSN. TO PURCHASE CARILLON

The Alumni Association has announced plans to purchase a Carillon for the College.

Bob Fitzgerald, newly elected President of the Association, says that the decision was made by the Executive Council at a recent meeting. "Our decision to purchase this fine addition for our Alma Mater was based on a survey made by Alumni News last Fall," he noted. "The alumni were asked" Mr. Fitzgerald added, "whether they would want to establish a worthwhile project to aid our College such as a gateway construction, bulletin boards, athletic score board or the Carillon. Responses were almost 100 per cent in favor of a Carillon."

Mr. Fitzgerald said that as a result of this interest, a Carillon manufacturer was contacted and it was installed on a trial basis. Reaction to the Carillon test in the community has been completely positive, with laudatory comments coming from students, faculty, alumni who visit the campus and from community neighbors in the area.

"We are excited about the Carillon," Mr. Fitzgerald said. "I think everyone who has heard it, joins our enthusiastic group." It plays Westminster chimes on the hour, followed by the hourly time strike. Twice a day - Noon and 5 P.M., the Carillon plays up to seven musical selections. These are popular, classical, seasonal and Broadway show tunes.

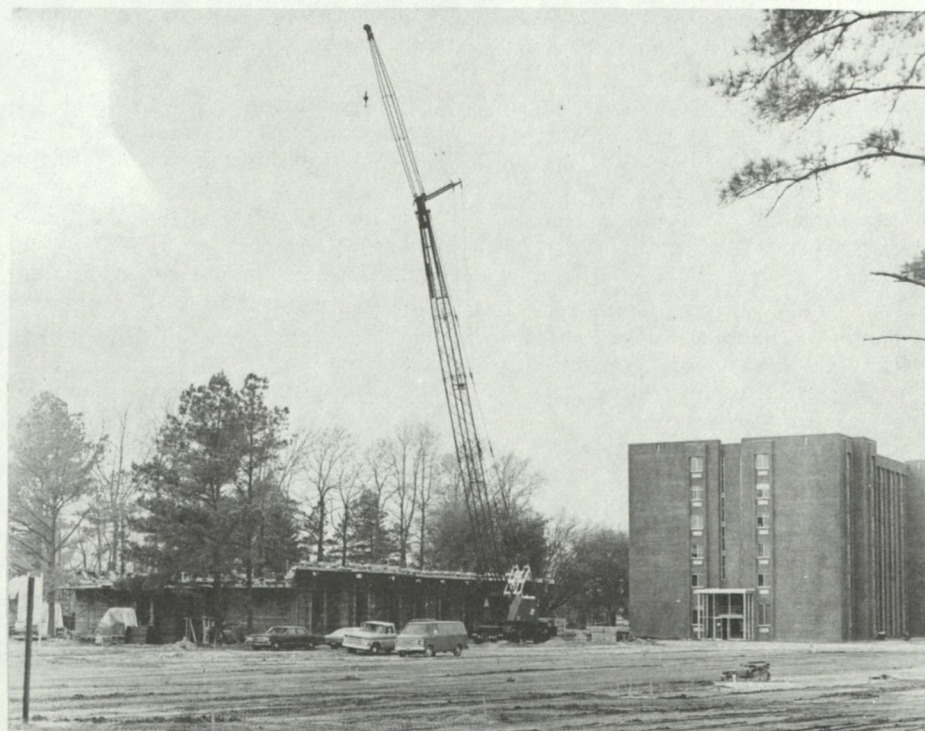

In the Westminster and hour strike, the sequence includes 4 notes at the quarter hour; 8 notes at the half-hour; 12 notes at the three-quarter and full 16 note peal, followed by the hour strike at each full hour.

The Carillon package also includes four tower speakers. The Carillon consists of 25 English-type melody bells with the tonal equivalent of 79,462 pounds of cast bells.

The notes of bells provide two chromatic octaves ranging from G below Middle C, to G in the second octave above and enables one to play any musical selection. The bells are in perfect tune when installed and will always remain in tune.

As an added feature, the Carillon can be played manually from a separate keyboard which can be mounted on an organ console. Automatic roll players are included in the purchase price.

In order to support this project, the Alumni Council is conducting an Annual Giving Program. Cost of the Carillon is \$8600 and will require wide Alumni support. Mr. Fitzgerald encourages all Alumni to make contributions for this project. He suggests that a check be made out to the Salisbury State College Alumni Association.

CONTINUED FROM PAGE 1

another means of demonstrating capability.

The new Transfer Policy establishes a uniform grading evaluation for both on-campus students and others transferring from other institutions. As an example, D's will be accepted in setting General Education requirements but will not receive credit. Previously, D's were not accepted in evaluating transfers. In addition, Salisbury State College will accept transfer credits from Maryland Community Colleges.

The tuition and fee waiver feature of the Senior Citizens Policy will affect men and women, 60 years of age or over. He or she must be retired with a chief source of income derived from retirement benefits from Federal, State and/or local government, and/or a former employer.

Likewise, he or she must not be gainfully employed in fulltime employment. Among the courses available in the Spring semester in which Senior Citizens might be interested, include Ceramics, Painting, Woodcarving, History of Art, Shakespeare, God and Contemporary Philosophy and Psychology.

Anyone interested in any of the four academic areas listed previously, should contact Dr. McBrien, Miss Moniot or Mr. Bachman at 749-7191.

COLLEGE CHAIRS NOW AVAILABLE

How would you like to have a permanent, beautifully-finished, Colonial type Arm Chair with the Salisbury State College Seal on it for your living room, family room or reception area?

These striking adult chairs — black with cherry arms — can be ordered through the College Book Store and will be shipped directly from the factory — C.O.D. — with a shipping charge.

The sturdy furniture will make a fine addition to your furnishings, as well as provide a permanent memento of your Alma Mater.

Total cost of the chair is as follows:

Selling Price	\$50.00
Estimated, Approximate Shipping	12.40
Total Price	\$62.40

If you would like to order a Salisbury State College Colonial Chair, send your request to: Mr. William Martin, Bookstore Manager, Salisbury State College, Salisbury, Md. 21801

Salisbury Community Praises Carillon

Reaction has been tremendous in the Salisbury area near the campus to the installation of the Carillon, it is reported by the College. A number of residents in the area surrounding the College have written letters supporting the newly acquired chimes. Following are some of the comments:

It is my pleasure to express to the College and to the Alumni Association my appreciation of the beautiful chimes we now have the privilege of hearing each day. My husband and I feel sure that the residents of the community enjoy the music as well as the chimes on the hour.

MARGARET WAESCHE

Our family has enjoyed the chimes that your College has installed to ring every hour on the hour. We thought you would like to know that the community appreciates your efforts.

KAREN FITZGERALD

We live on South Clairmont Drive near the College and daily we enjoy the Carillon so much.

RUTH AND WALTER PHILLIPS

I have heard a great many good comments lately about the chimes coming from Salisbury State College and I was wondering if you could turn up the volume so we can hear it over in North Pinehurst.

DALLAS G. TRUITT
MAYOR OF SALISBURY

Without a doubt, the most welcome addition to our community, is the hourly chimes coming from the College. I sincerely hope that nothing prevents this from becoming a permanent fixture in Salisbury.

JEAN R. STEPHANIDES

As residents in the College area, I would like to express our appreciation for the beautiful music from the chimes recently installed. We understand that this is a gift from the Alumni Association which was a wonderful gesture on their part and something that is being enjoyed by many people. It is amazing how far reaching the sound of the chimes carries. We heard it at the Giant Super Market a few days ago. We look forward to this music and know that the chimes will always be appreciated.

MR. & MRS. HARRIS J. RIGGIN

One of the greatest pleasures of this past Christmas season has been the music provided by the College bells. I want to thank you very much for offering this great Holiday touch to the community and I hope that the bells will continue to be played throughout the new year.

RUTH HENDRICKSON

As a "cross the street resident" of Salisbury State College, I want you to know in all sincerity that I think the installation of the Carillon is the greatest gift given to the community by the College in my 35 years of residence here. I think that the sweet, beautiful music is what our civilization needs the most and I am sure that others in our area will agree immediately. Please accept my thanks for giving us this impressive, delightful music.

FRED H. BATTLE

Just want to let someone know how much we are enjoying the chimes in the Camden area.

ELIZABETH T. EDWARDS

ALUMNI NEWS NOTES

Mabel Dickey Shewbridge, Class of '32, retired June 1972, after 30 years of teaching. Her last six years were spent teaching corrective reading in Frederick, Md.

Armond Hayward, Class '70, received M/A degree in August 1972, majoring in Archeological Science. Armond will spend one year studying Inca culture in Peru with his wife, Brenda.

Dianne J. Lewis, Class of '72, is teaching at Riverview Junior High in Denton, Md.

Mrs. Mary Amanda Ebling Fisher, class of '35, received Life Membership in State P.T.A., June 1972. She is currently a Helping Teacher in Denton, School, K-3.

Anne Coulby Hopkins, Class of '28, retired in June 1972 and is now living in Ridgely, Caroline County, Md.

Joanne Davidson, Class of '72, is presently teaching nursery and pre-nursery children at St. Vincent's Orphanage, in Timonium, Md.

Miss Linda Toth, Class of '70, is presently completing her second year as Principal at Lanakila Baptist School in Waipahu, Hawaii, where she also teaches kindergarten.

Vivian L. Bounds Edelen, class of '38, was honored with the title of "Genealogist for the Edelen Family Assn. in the U.S." and has given lectures on genealogy at meetings of

the Port Tobacco Chapter of the National Society of the Daughters of the American Revolution.

Dr. James Arch Phillips, Class of '51, is Coordinator of Graduate Studies in Curriculum, Instruction and Supervision. He is President Elect, Ohio Assn. for Supervision and Curriculum Development. November 16 - December 1, he will lead a group of ASCD members on a Soviet Education Seminar.

Marilea Powell Bennington, Class of '46, is coordinator for ESEA Title III Project for Pre-Vocational Training for Trainable Mentally Retarded Youth at the John Archer School, Bel Air, Md. (Harford County).

Floyd Bassett, Jr., Class of '61, is now a member/salesman with Baker Realty Corporation in Ocean City.

Glen E. Plutschak, '72, is a Claims Examiner for the Dept. of Unemployment Insurance in Easton, Md. Mrs. Plutschak is a registered nurse at Easton Memorial Hospital.

Ellen Linton Prince, Class of '72, was married in June to Ensign Thomas Prince and they are now living in San Pedro, Calif.

Lynn Catherine Robertson, Class of '70, after teaching in Maine for 2 years, has returned to Md. and is teaching at Stephen Decatur High School.

Stephen Gordon, Class of '72, is teaching Phys. Ed. at Pocomoke

CLINTON CARROLL, ART CHAIRMAN, PASSES ON AT 50

Clinton Carroll, Chairman of the Art Department, died following a short illness on December 22, in Peninsula General Hospital. He was 50 years of age.

Mr. Carroll attended Lynchburg College, where he graduated cum laude with a B.A. degree in 1951. He received an M.A. degree in 1960 from Longwood College, where he majored in Education with minor in Art and English.

In addition to art studies at Lynchburg and Longwood, Mr. Carroll also studied art for three years at Stratford College.

Mr. Carroll's teaching experience included Ferrum Junior College in Virginia, where he taught from 1952 to 1954. He also served as Academic Dean for two years.

In 1954, he moved to Pittsville High School in Maryland, where he taught English, History, General Science, Typing and Physical Education.

Mr. Carroll accepted a position at Snow Hill High School in Maryland in 1955, where he taught English and Art.

He began his association with Salisbury State College in September 1960, as an English, Speech and Art instructor. He was promoted to Assistant Professor of English, Art, Drama and Speech in September 1969 and became Department Chairman in September 1970.

Mr. Carroll and the former Lucy Semeler were married on December 26, 1956 and they have two children — Frances Jean, 14 years of age and Mary Elizabeth, age 12.

SEMINAR HELD

High school science teachers from throughout the Delmarva Peninsula have attended the Department of Biology's Annual Laboratory Procedures Seminar, scheduled for Saturday, December 9, Devilbiss Service Hall.

Each year, Salisbury State College invites teachers to a Biology Seminar in the Fall and a Chemistry-Physics Seminar in the Spring, to acquaint teachers with new and modified methods in teaching science in the junior or senior high school.

Chairman of the December 9 Seminar was Dr. Robert A. Hedeon, Chairman of the Biology Department at Salisbury State College.

Elementary School, grades 1, 2 and 3.

Glenna Gordon, Class of '72, is teaching second grade at Delmar Elem. School.

Clinton Sanford Justice, Class of '63, is an elementary librarian in the Milford School District.

Margaret Justice, Class of '62, is Reading Supervisor in the Milford School District.

FELLOWSHIPS NOW AVAILABLE FOR SSC ALUMNI

Fellowships for advanced degree study are available at University of Maryland Graduate School for Salisbury State College graduates, it was announced January 17 by Dr. Thomas L. Erskine, Academic Dean of the College. The applicant must agree to teach in Maryland Higher Education for three years after receiving the Ph.D., Ed.D., D.B.A., or the D.M.A. degree.

All applicants must meet the standards of admission set by the Graduate School, namely: a "B" average in the major discipline, and related areas as a minimum, an adequate undergraduate preparation in the major discipline, special requirements of the department or program in which the student proposes to pursue graduate study, and the recommendation of the Chairman of the student's major department of the institution from which the student is applying.

The stipend will be \$2500 for the academic year with tuition remitted, and the student must devote himself to full time pursuit of his doctorate. Once appointed, the student may occupy the fellowship for three years contingent upon satisfactory academic progress. The three years need not be consecutive if, in the judgment of the student and his adviser, one or more years of independent study or service as a teaching assistant would contribute to his academic program.

The University of Maryland, in all its branches and divisions, subscribes to a policy of equal educational opportunity for all without regard to race, creed, ethnic origin or sex.

The admission and fellowship blanks may be obtained by writing to: FELLOWSHIP OFFICE, THE GRADUATE SCHOOL, University of Maryland, College Park, Maryland 20742.

EARLY ADMISSION OF JRS. IS SET

Area high school juniors who are interested in "Early Admission" to Salisbury State College, should plan to take their Scholastic Aptitude Tests (SAT) very soon, it was announced today by Mrs. Margaret Hopkins, Director of Admissions.

Mrs. Hopkins said that Salisbury State College considers "Early Admission" of students who have completed the junior year of high school. They may be accepted after taking Junior College Boards and after final junior grades are available on the following conditions:-

- (1) The applicant has a combined score of 1200 with a minimum score of 600 in Verbal SAT;
- (2) The applicant has a minimum 3.25 average (on a 4-point scale) in academic subjects taken during the Sophomore and Junior years of high school;
- (3) The applicant has a positive recommendation of the high school principal, attesting to the student's motivation, maturity and ability.

Applications for "Early Admission" must be submitted to the College after completion of the junior year but before July 1.

Mrs. Hopkins noted that applications for regular admission must be submitted to the College by February 1 of the senior year. Notification of acceptance will be made by the College by March 20.

Applications for regular admission received by the College after the deadline will be considered only if space is available.

NEW COLLEGE BAND ATTRACTS WIDE INTEREST

It usually takes many years of accomplishment for an entertainer, sports figure or celebrity to be honored by his or her peers and audiences. This honor sometimes takes the form of presentation of personal valuables, trophies, etc.

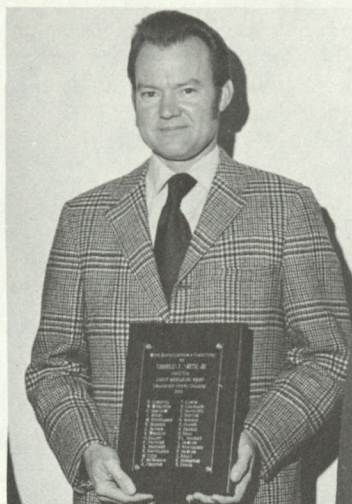

And so, it was rather surprising when 30 members of the newly-organized Salisbury State College Marching and Concert Band presented Faculty Band Director Charles A. Smith with an engraved plaque recently.

The band only organized in September, and one might question whether a great accomplishment had been made in such a short time. However, it was evidenced that the 30 band members thought so and many members of the community have indicated their agreement also.

The students had engraved on the plaque, "With appreciation and gratitude to Charles Smith, Director, First Marching Band, Salisbury State College, 1972"

Junior Dick Vangelder, a student who presented the plaque to Mr. Smith, commented about the Band Director: "We felt that the enthusiasm and interest which he put into our new program deserved something. We were all new and despite this fact, he placed complete responsibility in us and we appreciate it. As a result of Mr. Smith's efforts, we have established a unique closeness with each other," he added.

The Salisbury State College

Marching Band established its early fine reputation by performing during the half-time ceremonies when the Sea Gulls played Madison College, Johns Hopkins JV and Princeton Freshmen. The result at these games was very surprising. Despite its small size, the Band was "covered" with every small instrument. And, as a group, the students produced a sound well balanced and of excellent quality.

Mr. Smith was high in praise of the efforts of his group. It is the smallest band I have ever directed, he noted. I did have a 40 member band at James M. Bennett High School in Salisbury, when I started there, he added. "But, this college group put out a sound as fine as a 60 member organization," he declared.

"Their contribution came from maturity and the fact that they are dedicated and there is no 'deadwood' as is often the case in some high school bands," he said and continued:

"We have the nucleus for a future big band for next year. We anticipate doubling the size and will produce a better blend and bigger sound. There will also be the opportunity to do more visually on the field with more variety. We have ordered our new marching and concert uniforms and we hope to have them on hand by summer.

"Getting a new band together is not easy. It's almost like industry or sports. You need to recruit the good people. I've been making contacts all over the Eastern Shore, where there are 24 high schools within 50 miles of Salisbury," he noted.

"The two Salisbury schools graduate 60 senior band members each year," Mr. Smith said. "As we become better known through the area, we are hopeful that Salisbury State will attract many of these graduates.

"We are also planning a Spring Band Tour up into Delaware and Eastern Shore territory in March. This will spotlight our new endeavor and place our band on stage," he concluded.

How much recruiting Band Director Smith will need to do is questionable. He already has 30 enthusiastic "ambassadors" at SSC who seem ready and able to pass the word around.

Jeff Polk, Freshman from Eden, Md., speedy end on the Sea Gull football team, made national news in January with success in indoor track.

On the basis of a fourth-place finish in the CYO National 60-yard dash, held on University of Maryland College Park campus, Jeff was qualified for the NAIA Annual Indoor Tournament held January 19 and 20 in Kansas City.

At Kansas City, Jeff placed second in the qualifying heat with a time of 6.2 seconds. In the quarter-finals, he was eliminated with a fourth place finish, behind Willy McGee and Larry Brown, both of Alcorn A & M and Larry Baker of Doane College, Nebraska. All four had identical times of 6.2, but Jeff was given fourth after a photo finish.

Salisbury State is looking forward to more national accomplishments for Jeff Polk.
